Presentation of products or services

The purpose of the exhibition program is to present products and/or services relevant to the participant's professional interests. The exhibitors should emphasize instruments, products or services for use in teaching and research, books and other publications in scientific fields of relevance to the interests of the participants. For the public, and in particular for students, the exhibition shall also have an educational character.

INTERCOM reserves the right, at its sole discretion, to accept or deny applications for exhibition space and to allocate space among exhibitors.

Companies and organizations are cordially invited to present their services and products at the CILIA2020 conference. The exhibition will take place in the foyer of the lecture hall of the Anatomy close to the keynote talks. We encourage you to register early to avoid disappointment. The poster sessions and coffee breaks of the Conference are located in the same halls to encourage interaction between the industrial exhibition and the conference participants.
